

# One Day Symposium on Frontiers of Nanotechnology Applications in Pakistan; Present Scenario and Future Avenues

## WHY TO ATTEND

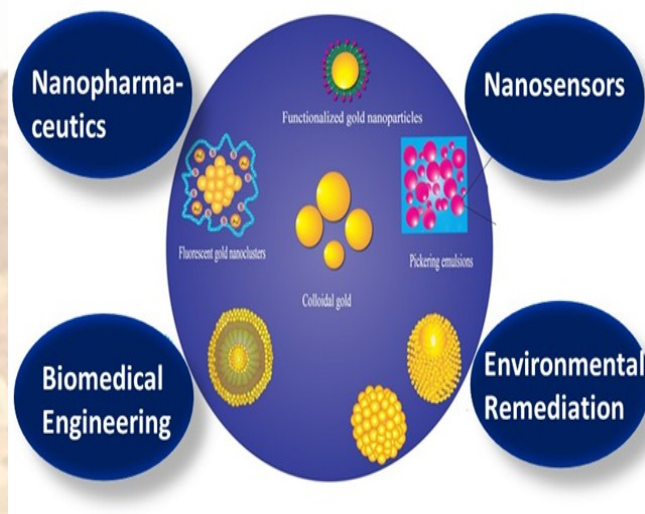

Nanotechnology is the engineering of functional structures at the molecular scale. Science of small has emerged as a leading technology development tool with promising applications in various fields including Health, Food & Agriculture, Textile, Electronics, Environment, Energy and Biomedical Engineering. The capability to see nano-sized materials has released up a world of possibilities in a range of industries and scientific endeavours.

National Institute for Biotechnology and Genetic Engineering (NIBGE) has a well-equipped infrastructure for diverse nanomaterial based application systems. The Nanobiotechnology group (NBT) at NIBGE is an active platform with most advance analytical equipment for process and product development to meet the rapidly growing technology market.

We are delighted to announce a One Day Symposium on Frontiers of Nanotechnology Applications in Pakistan: Present Scenario and Future Avenues. The symposium will serve as a platform for nanotechnologists from diverse scientific backgrounds to share their knowledge and expertise. The event will provide participants an opportunity to have an insight in the "science of small" and have constructive interaction with leaders of nanotechnology from various institutions and NIBGE.

## Invited Speakers

High profile national level scientists/researchers with immense research experience and expertise in the diversified field of nanotechnology will be invited as speakers to share their research outcomes, future & potential of the field, emerging trends, role & impact of nanotechnology on the economy, etc. Students are expected and encouraged to avail this opportunity optimally through discussion with experts as well as Question-Answer session.

## WHO CAN ATTEND

Students, Scientists, Professionals working in area of

### Chair of the Organizing Committees

Dr. Shahid Mansoor, <i>SI</i> Advisory Committee	Director NIBGE
Dr. Abdul Jabbar Khan	DG (A & B), PAEC
Dr. Nayyar Iqbal	Director (A & B), PAEC
Dr. M. Afzal Ghauri	Head (IBD), NIBGE

### Organizers

Dr. Waheed S. Khan	Pr. Scientist, NIBGE
Dr. Sadia Zafar Bajwa	Sr. Scientist, NIBGE
Dr. Ayesha Ihsan	Sr. Scientist, NIBGE
Dr. Asma Rehman	Sr. Scientist, NIBGE

Please send complete application form and CV to

**Dr. Waheed S. Khan**

*Principal Scientist & Leader Nanobiotech Group  
Symposium Organizer*

☎ +92-41-9201404

Cell# 0336-7003836

Email: waheedskhan@yahoo.com

## Registration

For Students Rs. 500/- (Mandatory)

For Employees Rs. 1000/- (Mandatory)

## Accommodation and Meals Charges

(Rs. 1,000 / Person / Day) (Optional)

## Note

Accommodation is quite limited. All dues should be paid before or at the time of registration by the participants in the form of Cash/Bank Draft in favor of "**Accounts Officer, NIBGE, Faisalabad**".

Symposium will be held on **October 24, 2018**

## Registration link

Please click the following link for registration of the event

<https://goo.gl/f4W5Ca>

Registration Closing Date

**October 15, 2018**

## Poster Session

For the encouragement of students, a **POSTER SESSION** will also be held. After initial screening thirty (30) posters will be displayed for competition. After evaluation by the expert panel, prizes will awarded for **First, Second** and **Third** position on the day of symposium. All interested students are requested to send soft copies of their final posters to the organizer ([waheedskhan@yahoo.com](mailto:waheedskhan@yahoo.com)) of the event till closing date.
